Dear Sir,

I'm writing in regards to approval of this department for the commencement and exploration of mineral leases #40197 and #40198. On or about the 10th of February I sent you the answers as required by the mineral lease notification and as of to date no approval has been recieved. I'm enclosing copies of our project and, projections in answers to notification requirement as well as a map.

Our project is ready to start as quick as approvals can be secured. Hoping to hear from you as soon as possible. Thank You.

Dated 6 April 1984

Sincerely Yours

Richard Bradshaw
